Summary

I'm a Full-Stack Developer who enjoys turning ideas into clean, fast, and user-friendly web applications. I work mainly with React, NextJS, and TailwindCSS, and I focus on building interfaces that are both performant and accessible. I also enjoy solving problems, learning new technologies, and contributing to developer communities.

Skills

Frontend: HTML, CSS, JavaScript(ES6+), DaisyUI, TailwindCSS, ReactJS, NextJS

Database and Backend: NodeJS, ExpressJS, MongoDB

Version Control and Hosting: Git, Github, Vercel

Authentication: BetterAuth, Google OAuth

Work Experience

M/S Ridwan Sarker Trade, Frontend Developer Sep 2025 – Nov 2025
Chattogram

- Helped the business to launch online with a B2B e-commerce website
- Collaborate with the UI designer to translate design concepts into a responsive interface.

Projects

Personal Portfolio [🔗](#) May 2026

- A Personal Portfolio website for me with an interactive and responsive UI
- Github Repo:- [Tarunna Sen](#) [🔗](#)

Local Bus Chattogram [🔗](#) Jul 2025

- A web app platform for finding bus routes and fares in Chattogram.
- Github Repo:- [Local Bus Chattogram](#) [🔗](#)
