Summary

I'm a Full-Stack Developer who enjoys turning ideas into clean, fast, and user-friendly web applications. I work mainly with React, NextJS, and TailwindCSS, and I focus on building interfaces that are both performant and accessible. I also enjoy solving problems, learning new technologies, and contributing to developer communities.

Work Experience

M/S Ridwan Sarker Trade, Frontend Developer	Sep 2025 – Nov 2025
- Developed a B2B e-commerce platform using React and Firebase - Colaborated with the UI designer to translate design concepts into a responsive interface.	Chattogram
